BULLETIN B 01-01

TO: All Alaska Health Care Insurers

RE: Alaska Small Employer Insurance Activity Report

Our records indicate that you are licensed to transact the business of health insurance in Alaska. AS 21.56.075 requires all health care insurers to report total premiums earned in the preceding calendar year and other information that the director requires regarding health care insurance plans delivered to small employers in Alaska. The information for calendar year 2000 must be submitted to the division on the attached Alaska Small Employer Health Insurance Activity Report no later than March 15, 2001. Section I of this report must be completed and returned to us even if you do not write health insurance in the small employer market in Alaska.

This report will be used to determine each company's share of the assessment base for Alaska's Small Employer Health Reinsurance Association. It also will be used by the association to report to the Alaska Legislature and to the director on the effectiveness of Alaska's small employer health insurance reforms and to compare the effectiveness of Alaska's small employer reforms with other states and regions of the country.

Please complete the attached Activity Report and return it by mail, fax, or e-mail in Word 97 or PDF to:
