10 meeting agenda. The Chair requested Ms. Norberg query each board member.

11
12 There were no ethical disclosures made by board members.

13
14 **5. Physician Health Committee Update**

15 Dr. Foland was invited to address the Board. Dr. Foland acknowledged and once again thanked the
16 Medical Board for its work to adopt a consistent and predictable referral process to the PHC for
17 physicians with a DUI charge. The process appears to be continuing to work well. Dr. Foland further
18 thanked the Board for its consideration to revise the professional fitness questions on licensing
19 applications. Finally, Dr. Foland asked for clarification regarding whether being subject to a consent
20 agreement equates to having a restricted or conditioned license reported to the NPDB. Ms. Norberg
21 offered to seek clarification from the Dept. of Law and get back to the Physician Health Committee on
22 this matter.

23
24 **6. Old Business:**

25 **A. Regulation Project**

26 Changes to the physician application for licensure

27 Chair Nimmo invited Ms. Norberg to introduce this issue:

28 During the November 16, 2023, board meeting, the Board approved a regulation project that would
29 eliminate redundant requirements from the application for MD's, DO's and DPM's. This included the
30 elimination of hospital verifications, AMA/ AOA physician profiles and the DEA clearance. These changes
31 were incorporated into a draft document by the Dept. of Law for the board to review at the February 16,
32 2024, meeting. At that meeting the Board approved an edit to the draft, to clarify that applicants must
33 disclose on their application for licensure any adverse actions taken by a hospital or health care facility,
34 *at any time* against the applicant, not just within the last five years. This language change was
35 incorporated into the new draft that is presented to the Board.

36
37 **On a motion duly made by Ms. Mielke, seconded by Ms. Bigelow Hood, and approved by a roll**
38 **call vote, the Alaska State Medical Board approved the changes to 12 AAC 40.010 through 12**
39 **AAC 40. 050, as presented and drafted by the Dept. of Law, in project number 2024200012, to**
40 **be submitted for public comment.**

41
42 Roll Call: Yeas, Dr. Barnes, Ms. Bigelow Hood, Dr. Heilala, Ms. Mielke, Dr. Nimmo, Dr. Paulson,
43 and Mr. Wilson.

44
45 **7. New Business**

46 **A. Board Priorities / Annual Report**

47 Chair Nimmo invited Ms. Norberg to introduce this topic. A draft strategic planning document
48 containing examples of guiding principles, goals, strategies, activities, and tasks for the Board to

1 consider for the year was presented. Board members reflected on the document and offered additional
2 ideas for board priorities. Taking a proactive position on special interest topics, such as gender affirming
3 care of minors, was identified by some board members as a potential priority for the board to consider.
4 This notion was countered with the acknowledgement that the board has opted in recent history to take
5 a neutral position on special issues such as the use of ivermectin. Mr. Wilson asserted that taking a
6 position on special issues and using data and scientific research to support the Board's position in order
7 to protect and safeguard the public should be considered a responsibility of the Board. Mr. Wilson also
8 asserted that the Board should be more involved in the legislative process by taking positions on bills
9 and nominating a spokesperson to testify on behalf the board. Other board members also supported
10 the idea of having one or more legislative liaisons available to speak to the legislature on behalf of the
11 board. Dr. Heilala raised concerns about board members being overextended and asked to do too much.
12 Dr. Heilala supports exploring restructuring the board to have standing subcommittees tasked with
13 licensing or investigation assignments and re-examining the Interstate Licensure Medical Compact. Dr.
14 Barnes raised the concern of interference from insurance companies and physician autonomy. Other
15 board members concurred that this is a topic for which the Board may want to issue a position
16 statement. Ms. Norberg was asked to follow up with Board members individually after the meeting to
17 collect and compile their top three priorities to be considered further at a later date.

18

3 Chair Nimmo requested Ms. Norberg introduce this item. As a foreign educated physician, Dr. Fertrin
4 does not meet the residency requirements required in Statute and Regulation to be licensed in Alaska.
5 Alaska statute allows for the medical board to grant an exemption if the applicant is deemed to hold
6 sufficient training and professional experience. Dr. Kleber requested to address the board to request an
7 exemption, however he no showed during the time allotted for his interview.

15 **Agenda Item Added: SB 115 – Physician Assistant Scope of Practice**

16 Chair Nimmo introduced and opened the floor for discussion regarding whether the Board should issue
17 a statement regarding SB 115. Ms. Bigelow Hood provided some background for the bill, including the
18 Alaska Physician Assistant Association’s call to modernize the regulations and attempts in good faith
19 over multiple years to work with the medical board on modernization, prior to the bill being introduced.
20 The pros and cons of physician assistants having independent practice were briefly explored. Several
21 members observed that this is an important bill, and the Board probably should have taken a position,
22 however with two weeks left in the legislative session, it seems too late.
23

24 **On a motion duly made by Ms. Mielke, seconded by Mr. Wilson, and decided by roll call**
25 **vote, the board decided against issuing a statement regarding SB 115.**

 2 roll call vote, the board denied granting a license to Dr. Mahesh Karandikar. The Board
 3 cited in its decision concerns related to Dr. Karandikar’s ability to provide safe patient care
 4 based on his history of malpractice cases resulting in catastrophic injury or death to patients
 5 and the substantiated findings that led to a suspension of license in Wyoming in 2018 and
 6 restricted license in Washington in 2020.

7
 8 Roll Call: Nays, Dr. Barnes, Ms. Bigelow Hood, Dr. Heilala, Ms. Mielke, Dr. Nimmo, Dr.

12. Public Comments / Board Correspondence

Chair Nimmo recognized three persons to address the Board:

- 1) Jackie Robertson, private citizen; urged the Board to consider the needs of chronic pain patients and support policies that eliminate the stigma and the barriers to access legitimate, needed pain medication.
- 2) Meghan Hall, physician assistant working in Alaska; thanked the Board for its time and consideration regarding the modernization of physician scope of practice; she appreciates the collaboration and looks forward to continued collaboration.
- 3) Pam Ventgen, Executive Director of the Alaska State Medical Association; urged the board to consider meeting monthly in order to expedite the processing of full licenses, citing concerns with the temporary permits that are issued to practitioners, including barriers to hospital privileges, insurance contracts and DEA licenses. Ms. Ventgen asserted that the Medical Board’s silence to the legislature on the issue of independent practice of physician assistants is a grave mistake. Her overall impression is that the Board has missed opportunities to be an asset to the state and needs to figure out how to become a more efficient body.
