#### 4. Ethics Disclosures

Ethics reporting by board members is done on a quarterly basis and is a standing item on the quarterly meeting agenda. The Chair requested Ms. Norberg query each board member.

There were no ethical disclosures made by board members.

#### 5. Physician Health Committee Update

Chair Nimmo invited Dr. Mary Ann Foland to address the Board. Dr. Foland reported that she recently presented to the family practice residency program participants and reminded them about the 30-day rule to inform the Board of any unfortunate incidents (new criminal charges). During this presentation residents asked many questions about the use of marijuana, to which Dr. Foland advised it is the opinion of the PHC that use of marijuana is “not a good idea” however she is not aware of the Medical Board’s policy on this issue. Dr. Foland reported that the PHC is currently monitoring 15-17 people with several more people in the process of being evaluated. Dr. Foland volunteered the PHC to take over the primary drug testing for the people the committee is monitoring, stating they can get results back faster and obtain a broader scope of testing. Ms. Norberg agreed to follow up with Ms. Ventgen for more information on this matter. Finally, Dr. Foland raised the issue of physicians with conditions of probation having their license labeled as “probationary” and this creating barriers for employment, especially for physicians getting hired in a hospital setting. This prompted a discussion regarding possible alternate labels and a request from Dr. Nimmo to Ms. Ventgen to explore with the hospital association possible options for the Board’s consideration.

#### 6. Board Interviews

## 18 19 **7. Old Business**

### 20 **• Telehealth Regulations**

21 Dr. Nimmo reminded the Board that this matter was tabled at a previous meeting. There is obsolete  
22 language in the Board's regulations concerning telehealth and this is an issue for which Ms. Norberg  
23 frequently fields questions from the public. Dr. Nimmo reviewed the options for how to proceed on this  
24 matter which include once again tabling the issue, or, simply eliminating the obsolete language and  
25 leaving everything else the same, or, appointing a committee to make recommendations for changing  
26 the entire regulation section. Board members discussed these options and voiced support for  
27 eliminating the outdated language and tabling a decision on whether to adopt the 2022 FSMB  
28 guidelines, *Appropriate Use of Telemedicine Technologies in the Practice of Medicine*, until the next  
29 meeting.

10 **issue.**

11  
12 Roll Call: Yeas, Dr. Barnes, Ms. Bigelow Hood, Dr. Heilala, Ms. Mielke, Dr. Nimmo, Dr.  
13 Paulson, Dr. Taylor, and Mr. Wilson.  
14

15 **• PDMP Delegation**

16 Dr. Nimmo invited Ms. Norberg to present the topic. This matter is regarding concerns raised by  
17 board members related to the heavy workload imposed by investigative cases on board members and  
18 the possibility to have some of this workload delegated to the Executive Administrator, a strategy  
19 adopted by the Board of Pharmacy. Billy Homestead, Lead Investigator and supervisor over PDMP  
20 violations was introduced, who explained how the process of referring technical violations concerning  
21 the PDMP is currently working with the Board of Pharmacy. Board members discussed and generally  
22 voiced support for delegating these duties to the Executive Administrator.

23 **On a motion duly made by Ms. Mielke, seconded by Ms. Bigelow Hood, and approved by**  
24 **roll call vote, the Alaska State Medical Board decided to delegate matters concerning its**  
25 **licensees' technical violations related to the Prescription Drug Monitoring Program to the**  
26 **Executive Administrator for review and recommendations.**  
27

28 Roll Call: Yeas, Dr. Barnes, Ms. Bigelow Hood, Dr. Heilala, Ms. Mielke, Dr. Nimmo, Dr.  
29 Paulson, Dr. Taylor, and Mr. Wilson.  
30

31 **• Medical Spa Guidance**

32 Dr. Nimmo provided an update and overview regarding the focus of and his participation in the  
33 Medical Spa Workgroup. He highlighted that this is a growing industry in Alaska and there are many  
34 individuals interested in these issues. A purpose of this work group is to put forth recommended  
35 statutes to the legislature. Services offered through this industry include IV Hydration (including the  
36 compounding of medications onsite in out-patient clinic settings), advanced aesthetic services such  
37 as chemical peels, laser treatment, Botox injections, and the use of designer drugs such as Ozempic  
38 or semaglutides. Some of the concerns raised are related to the delegation of duties to unlicensed  
39 personnel such as technicians and ethicians, and the lack of a physician or physician assistant being  
40 physically onsite; and the use of standing orders without a medical assessment of the patient.  
41

42 Related to this matter are board policies which were implemented many years ago and contain  
43 duplicative and contradictory guidelines to more newly adopted regulations which were  
44 implemented by the board in 2019. The conflicts between the polices and regulations were  
45 examined and several board members voiced support for repealing the old policies.

1  
2 **On a motion duly made by Ms. Mielke, seconded by Ms. Bigelow Hood, and approved by roll**  
3 **call vote, the Alaska State Medical Board repealed Board-issued guidelines pertaining to:**  
4 ***Delegating Procedures to Non-physician personnel for Dermatological Procedures and***  
5 ***Delegating to Medical Assistants.***
