

MCB OPENED REGULATION PROJECTS - STATUS

NAME OF PROJECT	STATUS
(state?) taxes owed – renewals- waiver of confidentiality	<p>This project is complicated. At the January 2022 meeting, the board wanted the draft to be re-worked. I need to look at it with director. At some point there was the question of what the term “the board will” really means. 6.2.23: revived with the project regarding waiver of confidentiality. Meeting w/DOR who advised against regs change. Board readdressed at Aug. meeting and would like to see regs project go forward.</p>
Plant height– 306.435(a)	<p>At the June 23 meeting Board opens project re: tagging and batches and to research the '24 hour requirement. (in meeting metric can/will update time to 72 hours) At Aug meeting board readdresses. Research project is opened for list of pros and cons. Joan asking enforcement for this. At Nov. 2023 Board meeting retool project from plant tags, height and batching to plant height only at 306.435a. Raise height to 18 inches. Draft for Board consideration at Jan. 2024 meeting. At 1.31.24 board meeting draft approved to send to law for initial review. 2/22/24 sent to Law for initial review. Approved by Law to send out for p.c. 4.17.24. Sent out for public comment 5.7.24 closing 6.10.24. Board consideration at 6/26/24 meeting.</p>
Operating Plans	<p>Memo from Jane in June meeting on possibly bringing something to the Board in August on operating plans and how to simplify application process. Discussed at August meeting. Rough and incomplete draft for board discussion at 11.15-16.23 board meeting. At Nov. 2023 meeting Board clarifies wishes simplification of all applications and to allow for certifications/attestations on application. Sent back to staff for work. Draft for Board consideration at Jan. 2024 meeting. Board approved staff to amend draft to align with staff recommendations, then to send to law for initial review at 1.31.24 meeting. To law for initial review 6.17.24.</p>

MCB OPENED REGULATION PROJECTS - STATUS
